***MTSM 2011***

***2<sup>nd</sup> International Conference***

***Mechanical Technologies  
and  
Structural Materials***

***Split, September, 29<sup>th</sup> – 30<sup>th</sup>, 2011.***

***In association with***

***University of Split  
Faculty of Electric Engineering,  
Engineering,  
Mechanical Engineering and  
Naval Architecture***

***Slovak Academy of Science  
Institute of Materials and  
Machine Mechanics***

***Croatian Society for  
Materials and Tribology***

***Dublin Institute  
of Technology***

***Rogante Engineering  
Office***

***Conference objectives:***

*Industrial progress is closely connected with the development and application of new structural materials as well new processing technologies. In mechanical production processes, particular interest is also concentrated on: Organization of production processes, Quality management and Environmental protection. At the Conference, leading Scientists and experts from Croatia and abroad will present their latest achievements in the areas of structural materials and mechanical technologies. The Conference will also provide an opportunity for collaboration and discussions among delegates which may form the basis of future cooperation among the scientific society and Manufacturing businesses.*
