CROATIAN SOCIETY
FOR MECHANICAL TECHNOLOGIES

MTSM 2010

1st International Conference

***Mechanical Technologies
and
Structural Materials***

In memoriam prof. emeritus Romeo Deželić

Split, October, 21st - 22nd, 2010.

In association with:

*University of Split
Faculty of Electrical
Engineering,
Mechanical Engineering and
Naval Architecture*

*Croatian Society for
Materials and Tribology*

*Dublin Institute
of Technology*

*Slovak Academy of Science
Institute of Materials and
Machine Mechanics*

Sponsoring organizations:

*City Split
County of Split - Dalmatia
Ministry of Science, Education and Sports Republic of Croatia*

Conference objectives:

Industrial progress is closely connected with the development and application of new structural materials as well new processing technologies. In mechanical production processes, particular interest is also concentrated on: Organization of production processes, Quality management and Environmental protection. At the Conference, leading Scientists and experts from Croatia and abroad will present their latest achievements in the areas of structural materials and mechanical technologies. The Conference will also provide an opportunity for collaboration and discussions among delegates which may form the basis of future cooperation among the scientific society and Manufacturing businesses.
